

# Choose a plan that is right for you.

## General

Number of users  
 Max users  
 Price per 5 additional users  
 Supporting hours\*\*  
 Changes / Development per hour  
 Linking of standard sources  
 Includes dashboards and reports  
 Number of custom feeds included at implementation  
 Hosting additional feeds per month\*  
 Starting number of custom dashboards  
 As defined in implementation phase only  
 Hosting additional dashboards per month  
 Starting number of custom reports  
 As defined in implementation phase only  
 Scheduled Reports  
 Type of reports  
 Custom data input screens  
 Priority Support

## Data warehouse setup

Summary, drillthrough and drildown  
 Outliers and faults  
 Performance  
 Import trends and imported data comparison  
 Data quality dashboard  
 Q&A dashboard  
 Storage included  
 Storage price per additional gig per month

## PowerBI limitations

Dashboard refreshes

## Feed / ETL setup

Value mappings  
 Value groupings / Snow flaking  
 Import platform limitations\*\*\*  
 Max rows per recordset  
 Hosting of FTP site  
 Threshold checks / Data escalations via email  
 Import frequency to data warehouse

	Silver R9 000	Gold R15 000
Number of users	3	15
Max users	14	Unlimited
Price per 5 additional users	R1250	R1100
Supporting hours**	3	8
Changes / Development per hour	R450	R350
Linking of standard sources	2	5
Includes dashboards and reports	1	3
Number of custom feeds included at implementation	1	3
Hosting additional feeds per month*	R450	R350
Starting number of custom dashboards As defined in implementation phase only	Up to 3 Dashboards, max 8 pages each	Up to 6 Dashboards, max 8 pages each
Hosting additional dashboards per month	R500	R400
Starting number of custom reports As defined in implementation phase only	15 Excel reports 2 Fixed format reports	25 Excel 10 Fixed format reports
Scheduled Reports	Up to 15 recipients per schedule	Up to 15 recipients per schedule
Type of reports	Excel and fixed format reports(PDF)	Excel and fixed format reports(PDF)
Custom data input screens	Can be added	Can be added
Priority Support	N/A	Included
<b>Data warehouse setup</b>		
Summary, drillthrough and drildown	Included	Included
Outliers and faults	Partially, data dependent	Can be fully implemented, data dependent
Performance	Partially, data dependent	Can be fully implemented, data dependent
Import trends and imported data comparison	N/A	Can be added
Data quality dashboard	N/A	Can be added
Q&A dashboard	N/A	Base price include 1 Q&A page
Storage included	50 Gig	150 Gig
Storage price per additional gig per month	TBA	TBA
<b>PowerBI limitations</b>		
Dashboard refreshes	Max of 3 refreshes per dashboard per day	Max of 3 refreshes per dashboard per day
<b>Feed / ETL setup</b>		
Value mappings	Included	Included
Value groupings / Snow flaking	Included	Included
Import platform limitations***	None	None
Max rows per recordset	3 Million / 3 Gig whichever is reached first	10 Million / 10 Gig whichever is reached first
Hosting of FTP site	Included	Included
Threshold checks / Data escalations via email	N/A	Includes 50 checks
Import frequency to data warehouse	1 Import per process for every 2 hours	1 Import per process for every 2 Hours,Trickle feed ready(Event driven)

\* Includes custom or standard

\*\* Corrections and data investigations. Excludes system faults or down-time.

\*\*\* Applies to platforms that Incasu have the ability to read data from.
